

Easy for you

More ways to personalise

With tools that support in-the-moment adjustments and capture your clients' feedback about their hearing experience, personalisation becomes part of the experience.

Two Optional App Programs (OAPs) for DNN: NoiseSonic for noisy environments and SpeechSonic for conversations in loud noise

An improved feedback test designed for efficiency

Log It All enhancements on the Performance Screen in the Unitron TrueFit™ fitting software help differentiate DNN strength between technology levels

Enhancements to Ratings let clients provide more in-the-moment feedback through the Remote Plus app. In addition to capturing their hearing instrument settings, Ratings captures information about their listening situation, supporting more efficient and personalised counselling

Simplified pairing workflow for easy app setup and streaming

Unitron makes life vibrant with amazing hearing solutions designed to make the experience easy. Because everyone deserves to **Love the experience.™**

Moxi™ S-RX: Advanced speech clarity in loud listening environments, powered by our Deep Neural Network (DNN) technology.

A Sonova brand

 **Love the experience.™**

Moxi S-RX is a rechargeable RIC powered by Deep Neural Network (DNN) technology that separates speech from noise in real time, helping clients hear clearly from any direction. Speech stays sharp and noise fades away, so they can stay in the conversation when life gets loud.

Easy to hear

Cut through the noise

Your clients want to be in the middle of it all, as long as they can hear the voices they came for. Give them sound performance they can count on.

Conversations are clear, from any direction. Our DEEPSONIC™ chip intelligently separates speech from noise in real time

Speech stays sharp while noise fades away. Our new feature, SoundSonic360, is powered by Deep Neural Network (DNN) technology

Your clients can simply enjoy the experience. Integra OS automatically adjusts to any listening environment, for seamless hearing

Stay connected. Industry-leading universal Bluetooth® connectivity works instantly across all their devices

Easy to wear

Comfort and convenience with every fit

Recognising it's time for hearing instruments is a big step for your clients. Moxi S-RX is designed to fit easily into their lives.

Natural, lightweight and comfortable, made to move with your clients throughout the day

All-day performance driven by a long-lasting rechargeable battery

Charging that fits their lifestyle with ChargerGo

Reduced service appointments with our new EasyGuard™ domes, available in power, open and vented
