

## There's no better gift than a great conversation

Over the holiday season, conversations become more frequent, more meaningful, and sometimes more challenging. We want to make sure your hearing aids are optimised so that you don't miss out on any of the moments that make this season so special.

Now is the perfect time for a free, at-home trial of a higher technology level with FLEX:UPGRADE™ on your Vivante™ hearing aids. This upgrade provides advanced, automatic features that enhance the sounds you want to hear while minimising background noise. Vivante can help you stay engaged in conversations, even in noisy listening situations like family gatherings, parties or during car trips.

### **Try a higher technology level for free during the holidays! Here's how:**

1. Call us today to book your appointment
2. We will review your current listening needs and hearing aid technology level
3. If your listening needs have evolved and greater sound performance is beneficial, we'll provide you with a free, no-obligation trial of a higher technology level to use over the holidays
4. We'll reconnect with you in January, and if you like the new technology level better, you simply pay a small upgrade fee without the need to purchase new hearing aids

### **Interested in getting started with a free upgrade for your Vivante hearing aids?**
