## Introducing a new family of hearing aids - Moxi<sup>™</sup> Blu.

### Get the most out of every conversation

Moxi Blu hearing aids automatically adjust on the fly.

### Make adjustments in any environment

Take advantage of optional features that help boost performance no matter where you go in life.

### Connect your hearing aids with your devices

Stream your favourite audio, receive calls and control digital assistants, all with a simple double tap on your ear.

### Designed to be discreet and comfortable

A properly fit hearing aid is one you forget you're wearing. Moxi Blu devices are discreet and rechargeable, with a multi-function button for convenient control and a full day of listening on a single charge.
