

Easy to use. Easy to wear.

Dear <Client Name>,

There have been some exciting advances in hearing aids lately, both in technology and style. If your needs have changed or you're eager to try new features, we'd like to introduce you to the latest range of Unitron hearing aids.

Get the most out of every conversation.

The newest line up of hearing aids from Unitron offer speech-enhancing technology so you can be a part of every conversation – even in noisy environments and with soft-spoken people. Now you can capture those subtle cues and nuances that help you understand the deeper meaning beyond the words.

Enjoy stylish solutions that fit your lifestyle.

Forget the bulky hearing aids of the past. Today's styles are smaller, sleeker and more comfortable than ever, and there's one to fit every lifestyle and hearing loss. Rechargeable models which power up overnight to keep you going all day. And with Made For All compatibility, you can conveniently stream phone calls and other media like music, podcasts and digital assistants right to you hearing aids.

Get professional hearing care wherever you are, whenever you want.

Can't make it into the clinic for fine tuning adjustments? We now offer Remote Adjust to give you more choice about how you receive care.

Take it for a test drive.

How does it sound outside the clinic? You can try before you buy with our FLEX:TRIAL™ program.

And if your needs change, FLEX:UPGRADE™ means you can upgrade to a higher technology level without buying a whole new pair.

Let's find the solution that works for you. Call us at XXX-XXX-XXXX to book a consultation.

Sincerely,
