

FLEX:UPGRADE™

FLEX:UPGRADE™ is the only globally offered solution that allows you to easily upgrade your client's current hearing instruments to a higher technology level.

Keep clients coming back, and extend your care well into the future

Instill confidence with a solution that grows with your clients

You experience:

- An approach to increase your closing rate by addressing clients' initial cost sensitivities with a technology level they find comfortable and affordable today, and the option to upgrade in the future
- New possibilities for incremental revenue by offering a trial of a higher technology level
- An easy upgrade process performed in TrueFit™ fitting software with no need to swap hearing instruments thanks to Unitron's open platform
- A means to differentiate your clinic

Clients experience:

- Reassurance they can start with an affordable technology level and increase at a later date
- Peace of mind that their future needs can be met if their lifestyle or hearing changes
- The opportunity to try a higher technology level with no obligation or upfront cost
