

Hear what you want, when you want and where you want

Dear <Client Name>,

Big moments in life happen at any time. The dinner table comment that erupted in laughter. The big idea discovered during the work meeting. Whispers in your ear from a grandchild that just hopped into your lap. These are the memories that make life worth living. And you don't want to miss any of it.

Introducing a new family of hearing aids – Moxi™ Blu.

Get the most out of every conversation

Tired of challenging environments where you're unable to understand others? Moxi Blu hearing aids automatically adjust on the fly no matter where you go, so you can always be a part of the conversation and hear what you want to hear.

Easy personalisation for a hearing experience tailored for you

Want to boost clarity and listening comfort in different situations? Now you can take advantage of optional performance boosting enhancements that personalise your listening experience to match your needs in the moment.

Make new connections between your devices

The digital world shows us that almost anything can be connected. Your hearing aids are no exception. Now you can stream your favourite audio, receive calls, and control digital assistants, all with a simple double tap on your ear.

Designed for comfort and ease of use

Enjoy wearing a discreet and rechargeable device that includes a multi-function button for convenient control and a full day of listening on a single charge.
